

NOTICE TO GROWERS IN 2004 -2008 PROJECTS

Dear Grower,

In our last announcement on 10 February 2020 we advised Growers of the extent of the damage to their plantations and our subsequent visits to the plantations with the insurance assessors.

In the ensuing weeks, we have worked closely with the assessors to enable finalisation of our claims in respect of the damage sustained. We are pleased to advise that today the claims have been settled in full and the insurance proceeds paid.

We will be despatching letters to all Growers this week.

Insured Growers can expect to receive funds due to them immediately following receipt of their bank account details.

We will keep you informed by posting any further relevant information in respect of your Project on our website at www.agriwealth.com.au

Yours sincerely,

Wayne C Jones
Director
