Australian Forestry Management 2005 Land Trust

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This financial report covers the Australian Forestry Management 2005 Land Trust (“the Trust”) which was registered as a managed investment scheme under Chapter 5C of the Corporations Act 2001 on 15 March 2005, established and domiciled in Australia. Under its Constitution, the Trust will terminate on the earlier of:

- the 80th anniversary of the date of the Trust Constitution less one day;
- a date specified by the Responsible Entity as the date the Trust will terminate in a notice given to unitholders; and
- the date on which the Trust is terminated in accordance with another provision of the Constitution or by operation of law.

Land that has been acquired by the Trust will be encumbered by licences to the growers (being predominantly investors) in the Australian Forestry Management 2005 Plantation Investment (“Plantation Investment”) for forestry plantation purposes. The Plantation Investment is a managed investment scheme with the same Responsible Entity as the Trust.

Basis of preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, and other authoritative pronouncements of the Australian Accounting Standards Board.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

a) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2011 (continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

b) Investment property

Investment property, comprising land is initially recognised at acquisition cost and measured at cost in subsequent periods unless the carrying amount of land is greater than its recoverable amount. When such instances occur, the land will be written down to its recoverable amount and the decrement recognised as an expense in the statement of comprehensive income in the reporting period in which the recoverable amount write-down occurs.

c) Unitholders' funds

Under accounting standard AASB 132 'Financial Instruments: Disclosure and Presentation' unitholders' funds are regarded as liabilities as there is no unconditional right to avoid settling a contractual obligation to pay out the Trust's equity to unitholders at the end of the life of the Trust.

d) Investment income and expenses

The Trust is entitled to rental revenue equal to 9.5% of the net final harvest proceeds of the Plantation Investment. Rental income is recognised when it can be reliably measured, which is expected to coincide with the final harvest in approximately 26 years from planting

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets, is the rate inherent in the instruments.

e) Income tax

Under current legislation, the Trust is not subject to income tax provided the distributable income of the Trust is fully distributed either by way of cash or reinvestment (i.e. unitholders are presently entitled to the income of the Trust).

f) Distributions

In accordance with the Trust Constitution, the Trust fully distributes its distributable income to unitholders by cash or reinvestment. Distributable income is determined by reference to the taxable income of the Trust.

g) Transfers to/from unitholders funds

Non-distributable income is transferred directly to unitholders' funds and may consist of accrued income not yet assessable, expenses provided or accrued for which are not yet deductible, net capital losses and tax free or tax deferred income. Net capital gains on the realisation of any investments (including any adjustments for tax deferred income previously taken directly to unitholders' funds) and accrued income not yet assessable will be included in the determination of distributable income in the same year in which it becomes assessable for tax.

2005 Land Trust**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2011 (continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

h) Applications and redemptions

Applications received for units in the Trust are recorded net of any entry fees payable prior to the issue of units in the Trust. Under the Constitution, the Responsible Entity is entitled, but not obliged, to redeem units in the Trust. In the event that the Responsible Entity determines that the Trust is liquid (as defined in the Constitution) or the Trust ceases to be registered as a managed investment scheme, then the Responsible Entity will be obliged to redeem units in accordance with the terms of the Constitution.

i) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the assets or as part of an item of expenses. Receivables and Payables in the balance sheet are shown inclusive of GST.

j) Comparative figures

When required by the Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial period.

k) Critical accounting estimates and judgements

The trustees evaluate estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the trust.

l) Adoption of new and revised accounting standards

During the current year, the Trust has adopted all of the new and revised Australian Accounting Standards and Interpretations applicable to its operations which became mandatory.

m) New accounting standards

The Australian Accounting Standards Board has issued new and amended Accounting Standards and Interpretations that have mandatory application dates. In respect of the more applicable Accounting Standards and Interpretations, a discussion of those requirements and their impact on the Trust is as follows;

- AASB 124: Related Party Disclosures (applicable for annual reporting periods commencing on or after 1 January 2011).

**Australian Forestry Management
2005 Land Trust**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2011 (continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

m) New accounting standards (continued)

This revised standard simplifies the definition of a related party by clarifying its intended meaning and eliminating inconsistencies from the definition. The definition now identifies a subsidiary and an associate with the same investor as related parties of each other; entities significantly influenced by one person and entities significantly influenced by a close member of the family of that person are no longer related parties of each other; and whenever a person or entity has both joint control over a second entity and joint control or significant influence over a third party, the second and third entities are related to each other. This revised standard introduces a partial exemption of disclosure requirement for government-related entities. The adoption of this standard from 1 July 2011 does not have a material impact on the Trust.

- AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010-2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements [AASB 1, 2, 3, 5, 7, 8, 101, 102, 107, 108, 110, 111, 112, 116, 117, 119, 121, 123, 124, 127, 128, 131, 133, 134, 136, 137, 138, 140, 141, 1050 & 1052 and Interpretations 2, 4, 5, 15, 17, 127, 129 & 1052] (applicable for annual reporting periods commencing on or after 1 July 2013).

AASB 1053 establishes a revised differential financial reporting framework consisting of two tiers of financial reporting requirements for those entities preparing general purpose financial statements:

- Tier 1: Australian Accounting Standards; and
- Tier 2: Australian Accounting Standards – Reduced Disclosure Requirements.

Tier 2 of the framework comprises the recognition, measurement and presentation requirements of Tier 1, but contains significantly fewer disclosure requirements.

Since the Trust is a for-profit private sector entity that does not have public accountability, it qualifies for the reduced disclosure requirements for Tier 2 entities. It is anticipated that the adoption of Tier 2 reporting would not change any of the Trust's reporting requirements.

AASB 2010-2 makes amendments to Australian Accounting Standards and Interpretations to give effect to the reduced disclosure requirements for Tier 2 entities. It achieves this by specifying the disclosure paragraphs that a Tier 2 entity need not comply with as well as adding specific "RDR" disclosures.

The Trust does not anticipate early adoption of any of the above Australian Accounting Standards.

INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF
AUSTRALIAN FORESTRY MANAGEMENT 2005 LAND TRUST

Report on the Half-Year Financial Report

I have reviewed the accompanying half-year financial report of Australian Forestry Management 2005 Land Trust, which comprises the statement of financial position as at 31 December 2011, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the Responsible entity are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express a conclusion on the half-year financial report based on my review. I conducted my review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim Financial Report Performed by Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, I have become aware of any matter that makes me believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the entity's financial position as at 31 December 2011 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Australian Forestry Management 2005 Land Trust, ASRE 2410 requires that I comply with ethical requirements relevant to the audit of the annual financial report.

A review of the half-year financial report consists of making enquiries, primarily of persons responsible for the financial and accounting matters and applying analytical review and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

GRAEME GREEN FCA
CHARTERED ACCOUNTANT

Independence

In conducting my review, I have complied with the independence requirements of the *Corporations Act 2001*. I confirm that the independence declaration required by the *Corporations Act 2001*, provided to the directors of Australian Forestry Management 2005 Land Trust on 13 March, 2012, would be in the same terms if provided to the directors as at the date of this auditor's review report

Conclusion

Based on my review, which is not an audit, I have not become aware of any matters that makes me believe that the half-year financial report of Australian Forestry Management 2005 Land Trust is not in accordance with the *Corporations Act 2001*, including:

- a. giving a true and fair view of the consolidated entity's financial position as at 31 December 2011 and of their performance for the half-year ended on that date; and
- b. complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
