**NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2016**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Australian Forestry Management 2005 Plantation Investment ('the Scheme') was registered as a managed investment scheme under Chapter 5C of the Corporations Act 2001 on 15 March 2005, established and domiciled in Australia. Under its Constitution, the Scheme will terminate on the earlier of:

- the 80th anniversary of the date of the Scheme's Constitution less one day;
- a date specified by the Responsible Entity as the date the Scheme will terminate in a notice given to investors; and
- the date on which the Scheme is terminated in accordance with another provision of the Constitution or by operation of law.

Forestry investments associated with the project are the property of the individual investors and are not considered scheme property. As a result, such investments held by investors are not included in the Balance Sheet.

The financial statements were authorised for issue on 15 March 2017 by the directors of the responsible entity.

Basis of preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards and Australian Accounting Interpretations of the Australian Accounting Standards Board, the Corporations Act 2001, and the Scheme's Constitution. The Scheme is a for profit entity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

a) Comparative figures

When required by the Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial period.

FOR THE HALF-YEAR ENDED 31 DECEMBER 2016**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

b) Critical accounting estimates and judgements

The responsible entity evaluates estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the scheme.

c) Adoption of new and revised accounting standards

During the current period, the Scheme has adopted all of the new and revised Australian Accounting Standards and Interpretations applicable to its operations which became mandatory.

d) New accounting standards

The Australian Accounting Standards Board has issued new and amended Accounting Standards and Interpretations that have mandatory application dates. Where early adoption is permitted, there has been no early adoption by the Scheme. In respect of the more applicable Accounting Standards and Interpretations, a discussion of those changed requirements and their impact on the Scheme is as follows;

- AASB 9: *Financial Instruments* (December 2010) and associated Amending Standards (applicable for annual reporting periods commencing on or after 1 January 2018).

These Standards will be applicable retrospectively (subject to the provisions on hedge accounting outlined below) and include revised requirements for the classification and measurement of financial instruments, revised recognition and derecognition requirements for financial instruments and simplified requirements for hedge accounting.

The key changes that may affect the Scheme on initial application of AASB 9 and associated Amending Standards include certain simplifications to the classification of financial assets, simplifications to the accounting of embedded derivatives, and the irrevocable election to recognise gains and losses on investments in equity instruments that are not held for trading in other comprehensive income. AASB 9 also introduces a new model for hedge accounting that will allow greater flexibility in the ability to hedge risk, particularly with respect to hedges of non-financial items. Should the entity elect to change its hedge policies in line with the new hedge accounting requirements of AASB 9, the application of such accounting would be largely prospective.

AASB 9 is not expected to significantly impact the Scheme's financial statements.

2005 Plantation Investment**

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2016**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

d) New accounting standards (continued)

- AASB 15: *Revenue from Contracts with Customers* (applicable to annual reporting periods commencing on or after 1 January 2018).

When effective, this Standard will replace the current accounting requirements applicable to revenue with a single, principles-based model. Except for a limited number of exceptions, including leases, the new revenue model in AASB 15 will apply to all contracts with customers as well as non-monetary exchanges between entities in the same line of business to facilitate sales to customers and potential customers.

The core principle of the Standard is that an entity will recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for the goods or services. To achieve this objective, AASB 15 provides the following five-step process:

- identify the contract(s) with a customer;
- identify the performance obligations in the contract(s);
- determine the transaction price;
- allocate the transaction price to the performance obligations in the contract(s); and
- recognise revenue when (or as) the performance obligations are satisfied.

This Standard will require retrospective restatement, as well as enhanced disclosures regarding revenue.

Although the directors anticipate that the adoption of AASB 15 may have an impact on the Scheme's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

2. AUDITOR'S REMUNERATION

Auditor's remuneration of \$3,100 (2015: \$3,100) for the audit of these financial statements, the annual financial statements and the Scheme's compliance plan was charged to, and is to be paid by, the Responsible Entity from its own resources and is not paid out of assets of the Scheme.

3. SEGMENT INFORMATION

The Scheme operates solely in the business of forestry plantation investment in Australia.

**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF
AUSTRALIAN FORESTRY MANAGEMENT 2005 PLANTATION INVESTMENT**

Report on the Half-Year Financial Report

I have reviewed the accompanying half-year financial report of Australian Forestry Management 2005 Plantation Investment, which comprises the balance sheet as at 31 December 2016, the statement of comprehensive income, and statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the Responsible entity are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express a conclusion on the half-year financial report based on my review. I conducted my review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim Financial Report Performed by Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, I have become aware of any matter that makes me believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the entity's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Australian Forestry Management 2005 Plantation Investment, ASRE 2410 requires that I comply with ethical requirements relevant to the audit of the annual financial report.

A review of the half-year financial report consists of making enquiries, primarily of persons responsible for the financial and accounting matters and applying analytical review and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

GRAEME GREEN FCA
CHARTERED ACCOUNTANT

Independence

In conducting my review, I have complied with the independence requirements of the *Corporations Act 2001*. I confirm that the independence declaration required by the *Corporations Act 2001*, provided to the directors of Australian Forestry Management 2005 Plantation Investment on 8 March, 2017, would be in the same terms if provided to the directors as at the date of this auditor's review report

Conclusion

Based on my review, which is not an audit, I have not become aware of any matters that makes me believe that the half-year financial report of Australian Forestry Management 2005 Plantation Investment is not in accordance with the *Corporations Act 2001*, including:

- a. giving a true and fair view of the entity's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- b. complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
